The purpose of this document is to report on our department's activities for 2009. During 2009, we were able to basically become fully staffed. This is something that Kenosha, like all police agencies, has struggled with in years past. I hope you will find the Annual Report informative as it strives to provide a perspective on where we have been and that we are prepared to meet the future with confidence. As we move into 2010, we see the upcoming challenges as an opportunity to excel and continue to provide a high quality service to the community.

The employees of the Kenosha Police Department have worked hard on several major cases this year and have provided quality law enforcement services to the residents of the City of Kenosha. It is with great pride that I can say the dedicated members of the Kenosha Police Department demonstrated they could rise up to those challenges; this was achieved without jeopardizing the safety of the citizens we serve. The community itself deserves credit for working successfully with the Department in providing information regarding illegal activity in the City of Kenosha.

Crime prevention has been a cornerstone of the Kenosha policing strategy. Community members in record numbers responded to the need to strengthen their neighborhoods. Neighborhood Watch participation is at an all time high. National Night Out, another indicator of citizen involvement, generated a tremendous response allowing neighbors to meet neighbors and celebrate advancements in watching out for each other. Along with our Crime Prevention Unit, all of these neighbors take pride in the fact they are doing what they can to make themselves and their families safer. Our staff remains very proactive in the community in educating the public.

In 2009, Part I crimes experienced significant reductions, we are particularly pleased at a 20% drop in the violent crimes as reported to the Federal Bureau of Investigation's Uniform Crime Report. The achievements of the Kenosha Police Department reflect the skills and dedication of our 209 employees. However, the police department cannot solely take credit, other organizations within the community assist in these achievements. One such organization is Kenosha Area Crime Stoppers, which is featured in this annual report.

I am proud of the men and women of the Kenosha Police Department who serve the citizens of this city. They have demonstrated pride in the organization and a determination to make this city safe and livable for everyone. On behalf of the men and women of the Police Department, we appreciate your ongoing support, and look forward to another successful year. I would like to thank all of you for the cooperation and assistance during 2009.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read 'John W. Morrissey'.

Kenosha Area Crime Stoppers

What Is Crime Stoppers?

Kenosha Area Crime Stoppers is a non-profit community program, which involves the public, the media, and the police in a fight against crime.

It offers anonymity and cash rewards to persons who furnish information leading to the arrest of criminal offenders and the capture of fugitives. Anonymity overcomes fear of involvement and cash overcomes apathy.

If a caller's information results in the arrest of a suspected criminal offender or the apprehension of a fugitive, arrangements may then be made so that the person can receive his or her reward of CASH.

Callers are furnished with a secret code number, which is used in subsequent transactions. Some examples of rewards paid by Crime Stoppers in 2009 are 09-015 \$150, 09-021 \$200, 09-038 \$850, 09-231 \$150, and 09-279 \$300. Over the 25 years, Crime Stoppers has been actively involved in Kenosha County they have paid out thousands of dollars in rewards.

Kenosha Area Crime Stoppers also administers a program in the school system in which the organization supplies the Police Liaison Officer with cash so the Officer can pay a \$50 reward "on the spot" for information that leads to the removal of a weapon from school property. This program is called the "Quick \$50". In 2009, Crime Stoppers paid out over \$300 utilizing this program. As with all other Kenosha Area Crime Stoppers programs, the identity of the student supplying the information remains anonymous. This program has helped to create a safer environment for our children to attend school.

Crime Stoppers needs your support to enhance its effectiveness in our community. Be a part of the fight against crime. You can make a difference.

The Kenosha Police Department thanks Kenosha Area Crime Stoppers for its commitment to reducing crime within the City of Kenosha as well as all of Kenosha County.
